

New to MASFAA?

Sign Up for the Ambassador Program!

What is the Ambassador Program?

The Ambassador Program is a new initiative from the Massachusetts Association of Student Financial Aid Administrators (MASFAA) for the 2004-05 year sponsored by the Public Relations committee.

Under the *Ambassador Program*, as a new MASFAA member you will have the opportunity to be paired with a seasoned MASFAA member for the purpose of introduction to MASFAA, its benefits, opportunities, as well as other members.

Why Sign Up?

Your Ambassador will provide a good introduction and awareness of MASFAA and its opportunities, as well as the prospect of introduction to other aid professionals, providing the opportunity to establish and expand your personal MASFAA contact network as well as enhance your career consideration options.

As a new member to MASFAA, we hope you will become active within the organization and maintain contact with your Ambassador, looking to him or her as someone who can provide answers and direction concerning the organization as well as someone to help you meet other aid professionals from institutions and organizations across the state.

We also encourage you to take advantage of the many workshops, training and social events offered each year.

How to Sign Up:

You may sign up to participate in the Ambassador Program by contacting Joe Lahoud or Brian Smith from the Public Relations Committee, either by phone or e-mail. Visit our web page at: www.masfaa.org/committees/PR/index.php for contact information.

We will notify you by mail with your Ambassador's name and details. He or she will be in touch with you shortly!
