Selecting a Year

Messaging on the "Get Started" page has been enhanced to help students determine whether to file the 2016-2017 or 2017-2018 FAFSA

Tax Information

Messaging has been enhanced to reinforce that income information should be reported for the 2015 tax year

7

The screenshot shows the 'Student Tax Information' section of the FAFSA application. A red circle highlights a message: 'Additional: You must provide financial information from your 2015 tax return on the following pages.' Below this, there is a green checkmark indicating 'Application was successfully saved.' The page includes navigation buttons like 'PREVIOUS' and 'NEXT', and a 'HELP AND HINTS' sidebar on the right.

8

The screenshot shows the 'Financial Information' section of the FAFSA application. A red box highlights the '2015 Additional Financial Information' section, which includes questions about income from other sources, tax-exempt interest, and other financial details. The page also features a 'HELP AND HINTS' sidebar on the right.

9

Estimated Tax Information

Messaging has been added to reinforce that for most FAFSA filers, 2015 taxes should have already been filed so "will file" status may be incorrect

10

Student Tax Information

✖ The following error(s) have occurred:

- You indicated that you will file taxes. Are you sure this answer is correct, since it is near or past the April tax deadline? If so, click "OK." Otherwise, change your answer.

For 2015, have you completed your IRS income tax return or another tax return?
 Will file OK

For 2015, what will be your tax filing status according to your tax return?

11

Marital Status Changes

Messaging and help text have been added to clarify what steps to take if a student or parent has had a marital status change since filing 2015 taxes

12

Marital Status Help Text

How to answer the student financial questions when student marital status changed after 2015

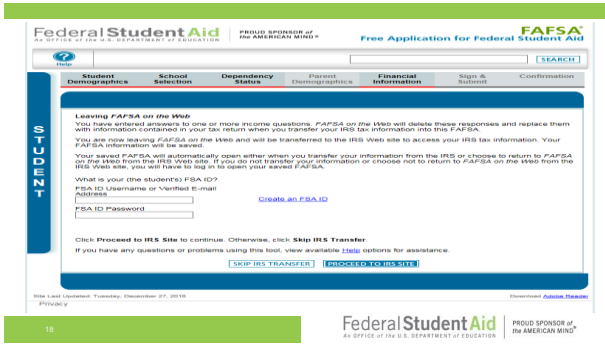

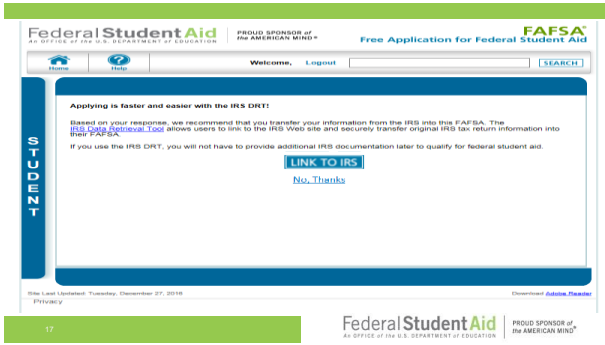

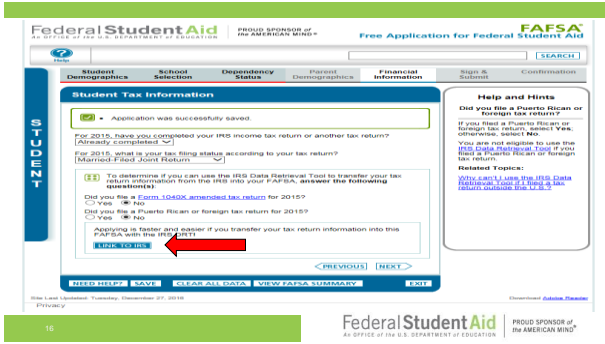

The FAFSA asks for marital status as of the day you fill it out, but it asks for income and tax return information from 2015. Therefore, your marital status may be different than it was when you filed your tax return.

Related Topics:

- What if my marital status as of today is different than the marital status reported on my 2015 tax return?
- What if my current spouse is different from the spouse listed on my 2015 tax return?
- What if I am recently widowed?

IRS Data Retrieval Tool

Messaging has been enhanced to encourage filers to use the IRS Data Retrieval Tool when eligible

Cross-Year Edits

Because the 2017-2018 FAFSA will collect 2015 income information like the 2016-2017 FAFSA, real-time warnings will be displayed if income or tax amounts on the 2017-2018 FAFSA differ from the amounts reported for 2016-2017

19

Cross-Year Edits

- No warnings will be displayed if...*
- Income and taxes were estimated
 - If there has been a change in the student's dependency status between the two years
 - If there has been a change in the student's or parents' marital status between the two years

Dear Colleague Letter GEN-16-19

30

Conflicting Information

31

Conflicting Information

- Increased possibility of conflicting information due to the inclusion of 2015 income and tax information on the 2016-2017 and 2017-2018 FAFSAs
 - Other data, such as household and asset information, will be *current/projected*
- ED will identify 2017-2018 applications where conflicting information may exist that, if resolved, would result in a significant change in EFC

Dear Colleague Letter GEN-16-14

32

Comment Codes 395-399

- Comment codes 395-398 indicate possible conflicting information, but resolution is not required
- Resolution is required for comment code 399
 - If comment code 399 does not appear on the 2017-2018 ISIR, schools are not required to resolve differences in *income or tax information* between the two ISIRs
 - Any other conflicting information must still be resolved

33

Comment Code 399

- If CPS identifies an ISIR as having conflicting information, you will see...
 - C Flag
 - ISIR comment code 399

"Your Financial Aid Administrator may contact you to resolve any issues related to differences in the 2015 income information you reported on your 2016-2017 FAFSA and 2017-2018 FAFSA."

34

Comment Code 399

most likely

- CPS will not flag an ISIR for conflicting information if...
 - Student is not expected to be Pell-eligible
 - Change in dependency status between the two years
 - Change in student's or parents' marital status between the two years
 - Professional judgment was exercised in either year

*Electronic Announcement: October 13, 2016
ISIR reprocessing October 17, 2016*

35

Comment Code 399

- If a reprocessed ISIR no longer includes Comment Code 399 the institution is not required to take any action
 - Any Code 399s on subsequent ISIRs must still be resolved
- Code 399 need not be resolved for graduate students if:
 - The student is a graduate student in both 2016-2017 and 2017-2018
 - The student did, and will, not receive Federal Work-Study in either year

*Electronic Announcement: October 21, 2016
Future ISIR reprocessing?*

36

Comment Code 399

- Comment code 399 does not have to be resolved if...
 - School never *received* a 2016-2017 ISIR
 - School received a 2016-2017 ISIR but *did not and will not disburse* Title IV aid in *2016-2017 or 2017-2018*
 - Aid was disbursed in 2016-2017, but the *student is no longer enrolled and is not expected to return*

37

Resolving Conflicting Information

- School must compare 2015 income and tax-related items from both years' ISIRs to determine conflict
 - Compare ISIRs that were or will be used to award Title IV aid
- If in either year the school had verified the income and tax information, or the IRS Data Retrieval Tool was used and no data was changed, school can assume these values are correct and submit changes to the *other* year...
 - ...unless the school is aware an amended tax return was filed.*

38

Unable to Resolve

- Until conflicting information is resolved, no additional Title IV aid may be disbursed in either year
- If the conflicting information is unable to be resolved, the school must consider the student in an overaward status for any need-based 2016-2017 aid disbursed
 - Earned Federal Work-Study funds need not be returned, but students may not *continue* to earn FWS wages

39

Overawards and Overpayments

- Title IV grants and Perkins Loans
 - Adjust subsequent disbursements
 - If not resolved by adjusting subsequent disbursements, student must repay portion disbursed for which no longer eligible
 - School is not liable
- Direct Subsidized Loans
 - Will be repaid under terms of the promissory note, but school must record its determination

40

Conflict Resolved

- 2017-2018 ISIR
 - If required correction is for the 2017-2018 year, school must use EFC from corrected ISIR to award and disburse
- 2016-2017 ISIR
 - If required correction is for the 2016-2017 year, school must ensure that all awards and disbursements for 2016-2017 reflect the corrected ISIR, whether the EFC is lower or higher
 - Corrections not required after September 9, 2017
