We have cleaned up the database of members who had signed up for membership last summer and never paid. We now have 10 people that signed up for membership since January and have still not paid. At this point, they may wait until renewal for 2014-2015, since they would only get two months of membership benefits.

This month we had a request from one member to remove her name and contact information from the MASFAA directory for personal reasons. We will need to discuss modifying our membership directory policies at the next MASFAA Council meeting.
